AA-Associate in Arts **AAS**-Associate in Applied Science **AS**-Associate in Science **ASC**-Academic Subject Certificate **ATS**-Associate in Technical Studies

APC-Advanced Professional Certificate **BAS**-Bachelor of Applied Science **CA**-Certificate of Achievement **CO**-Certificate of Competence

¹Digital Media with emphasis in one of the following: Character Animation, Creative Media, Digital Video for the Web, Internet Publishing or Video Games

Why choose us? Because...

Lower tuition rate helps you save thousands of dollars toward earning your four-year degree, if you transfer your credits at the end of a two-year program.

Variety of majors to explore in your first two years of your higher education experience without breaking the tuition bank.

Open admission policy allows you an opportunity to pursue a higher education. You must be either 18 years of age or possess a high school diploma. Early admission opportunities are also available for high school students through the Running Start, Jump Start, or Early College programs.

Smaller class sizes allow for more personalized instruction, particularly important for new students adjusting to college life.

Quality teaching by qualified professors who are well-trained in their academic area of expertise.

Flexible schedule that provides both day and night courses for students who have families or work full- or part-time jobs.

Distance learning options allow you to take classes through a network of various technologies, including the Internet, cable TV, and interactive television.

Career focused programs and curriculum that fast tracks you into the workforce. Choose from more than 120 different career and technical education programs.

Modern technology available for hands-on training as you prepare for jobs in the industry. Get access to the most modern computers, technical and scientific equipment in the first two years of your undergraduate education.

Support services such as counseling, tutorials, healthcare, financial aid, library services, computer laboratories, free parking and other student services are available to help you succeed in school.

The University of Hawai'i Community Colleges are equal opportunity/affirmative action institutions.
